"ECOLOGY IS AWESOME" THE ROCKIN' ENVIRONMENT SHOW!

BUS-IN SHOW WINNER - 2011 EEA BEST ENVIRONMENTAL EDUCATION PROGRAM

Thanks to the success of our bus in shows, STEVE TRASH - SCIENCE OF ECOLOGY, and STEVE TRASH SCIENCE - LIVE!, many performing arts venues have wondered if we have a third show to offer for K-6. The answer is... yes... we have 3 educational shows! STEVE TRASH - ECOLOGY IS AWESOME focuses on pollution, conservation of natural resources and the amazing connections that exist in the natural world. It features all new music, new magic, new explanations and lots of new funny stuff. It's a whole new show with the same ecological theme but different content! Woohoo. This show has almost exactly the same technical requirements as the other two shows. It's a one man/solo show, suitable for 500 - 1500 seat performing arts theatres. It's a terrific STEM based eco-educational show that's specifically tailored to the school audience. Steve's shows are always an excellent blend of curriculum based ecological lessons (with lesson plans), awesome green themed magic tricks, music and craziness that kids find irresistible.

STEVE TRASH - ECOLOGY IS AWESOME is an amazing show, and kids will take home a new understanding of their connection to the planet."

CREDITS

Steve Trash® has appeared on many national TV shows including CBS This Morning, ESPN Outdoors, CNBC'S America's Talking. He's been featured in the New York Times, the Los Angeles Times, Magic Magazine (cover), CBS Market-Watch, The Weekly Reader cover and he's been interviewed on LeVar Burton's Reading Rainbow Magic Week.

These days Steve stars in his own nationwide kids PBS science show called STEVE TRASH SCIENCE.

QUOTES

"Steve Trash rocked the house with terrific eco-educational content. Highly recommend." *Gina Martino - Education and Outreach Manager - North Shore Performing Arts Center*

"Steve Trash was easy to work with; professional, educational, and the kids loved him." *Janie Oldfield - Executive Director - Effingham Performance Center*

"Steve Trash was eco-educational AND entertaining! Look forward to having Steve back again." *Rob Mondora - Artistic Director at Largo Cultural Center*
